Student Review

A photograph of a handwritten letter on a piece of textured, light brown paper. The letter is written in cursive and expresses gratitude to Ms. Vivien for her guidance and mentorship. It mentions the student's success in GCSE and A-level art, and how they have grown as an artist and person. The letter is signed 'Love, Layla & family' and includes a 'Goodbye in your career and take care :))' message.

Dear Ms Vivien,
I don't think any card size could hold the amount of gratitude we have for your guidance. You are an incredible artist and mentor, I truly would not have survived GCSE and A level art without you - and now I'm venturing into my own art journey :) Over the years under you I have also gained a friend! ♥ Attending your classes not only nurtures my artistic abilities but my mind too & your stories and experiences have definitely made an impact to how I view things - making me a better artist as well! So for that, I thank you graciously! My mother and I chose the necklace. My parents and I always say how you are my guardian angel ♥ Now you have a physical representation of that! I will keep in touch and please do visit us in London! Goodbye in your career and take care :)) - Love, Layla & family

In the foreground, a dense residential area with colorful roofs is visible. A yellow rectangular overlay with white diagonal stripes is positioned in the upper right corner, containing the text.
